AGENDA

Special Service Proposal 1-2011
For Drainage Work

DISCUSSION

Questions raised by rate-payers include:

- Will the amount being raised be enough to complete the work?
- How will the work to be done be priorized?
- How do these plans fit in with Provincial regulations?
- Requests for more information on how surveying will be completed
- Will each Ward benefit differently from this project?
- Do you have any idea the number of miles to be done?
- Will there be accountability to the rate-payers as to how these funds are being spent? Can a progress report be sent out?
- What happens if all the work isn't done and the funds are all spent?
- Could the drainage funds be raised after the survey is done instead of all at once?

OBJECTIONS

Nine (9) objections were raised in regards to the proposal.
